March 12, 2025

Conditions for passing the test and receiving its results.

The free typology test is a logic test that you must take individually. We recommend that only those over 18 years of age take this test. You should preferably have good functionality and health. You should have no memory problems or mental health issues. You should also relax and read each question, thinking deeply into its essence, taking your time. If the test questions describe a situation that is unfamiliar to you and you have not been in similar situations, you can move on to the next question.

You take this test for yourself only and in case of a positive result, we inform you that it is not suitable as biometrics, nor is it suitable for statistics or evidence. Also this result is not suitable for collecting and checking other information we provide on this website. To get a result that will have accuracy, then you need a test under our control, which you will only be able to take live with us. **Because this free typology test does not guarantee the accuracy of the result.**

All of your answers to this third test should have the same group at the end of the third test. If this is the case, congratulations, you have correctly identified your innate group! If it didn’t work out that way for you, and at least one answer lacks a group that is present in most other answers, then you haven’t found your innate group.

But don’t be too quick to rejoice. Now it is necessary to check the truth of your type and its connection with the innate group. Below is a simple table where the innate groups and their inherent types are correctly placed. For example, your type is DCST. Only two groups will always have this type, Ethnos or Pharaoh. If everything matches, it’s good. If your group and type do not match, then the test result is incorrect.

INNATE GROUP	***INNATE TYPE (ITT)***
VIRTUE	**DLST, ASLT, ACTT, DTCT**
PATRON	**DLST, ASLT, ACTT, DTCT**
PILGRIM	**ALST, DSLT, DCTT, ATCT**

PHARAOH	ALTT, DTLT, DCST, ASCT
COGNITIVE	DLTT, ATLT, ACST, DSCT
TOASTMASTER	DLTT, ATLT, ACST, DSCT
